

Weekly Activity and Progress Report – CS 440 Group 5 for Week 9

Group Members: Esat Duman, Kent Lizardo, Jonathan Juarez, Jose Tejada

Weekly In-Person Review Meeting

- When: Wednesday 3/6 @ approx. 2pm
- Where: Outside of SES
- Missing (why) : Kent (Prior Commitment)
- Late (why) : N/A

Recent Progress

- Esat: Figured out that we need a Google maps key to implement our location getter, however the API might require payment so looking into geolocation. Also going to be doing more work on the home page.
- Kent: N/A
- Jonathan: Went over JIRA and updated our sprints and backlog, spent time looking over dev project report. Shortly went over the process of generating an API key for google maps API for our coding project.
- Jose: Spent some time looking into react documentation to figure out how to implement second scenario goals.

Current Action Items (Work In Progress)

- Esat: Working on the geo location working correctly finding the users location to connect to our backend for the silent spaces. Discussing on doing the home page to make it representable and usable.
- Kent: N/A
- Jonathan: Need to coordinate coding project time with teammates to go over changes being made to repository, in hopes of implementing the google maps API into our project. Start working on part 2 of the dev project report.
- Jose: Begin working on part 2 of the project requirements. Look at JIRA and edit current stories and add new stories.
